Dear Jim,

Your reply to ~~WESU's~~ letter was fitting. Perhaps in the future it would be effective to expose stations' shortcomings before they attack Svy, just for the record & to keep people on their toes. If I'm not mistaken, I've never met anyone from WESU, nor have I heard of their participation in Svy, excepting roll calls and letter head mention. About KCR dropping out of Svy and still coming to meetings - I would discourage it. Perhaps we can keep these things in mind for the fall meeting. Our party (the final one) will probably be at the end of Sept. Will keep in touch. - Mark
